GONZALES

Animal Ref Code: G267

About them:

Meet Gonzales, a spunky little speed racer with the coolest haircut around!

Gonzales came into rescue after being found outside underweight, terrified, matted and filthy. With plenty of TLC in foster care, this little guy has completely blossomed.

He loves his snacks, head rubs and chin scratches, and if you can catch him, he'll happily snuggle up on your chest and tuck himself under your chin. He can still be a little nervous when being picked up, but he's quickly learning to trust his humans—especially when treats are involved!

Gonzales has been okay sharing a room with cats and dogs, although he prefers them to keep their distance from his cage. He's also shown no issues being around other guinea pigs and may enjoy a slow introduction to a future guinea pig friend.

He hasn't been tested with children, but has shown no aggression or biting and copes well with everyday noises and changes. With gentle, guinea-pig-savvy children, he could be a wonderful companion.

If you're looking for a sweet little boy with a big personality, Gonzales is ready and waiting for his forever home!
