BROWNIE & ASHIE

Animal Ref Code: R364 R365

About them:

These girls will absolutely melt your heart. Constantly cuddled side by side if you aren't near them, they are the perfect little duo.

They love to be cuddled and adore pats. You can't go into the same space as them without them running up to you to say hello.

Ashie is definitely the more confident of the pair, Brownie usually isn't too far behind her though.

They have grown up around children and are well accustomed to all that entails and aren't frightened of any big noises or crazy households.

They are relatively clean little girls with their litter, recently been desexed they are slowly learning. All their wee goes in their tray but they are still practicing their poops.
