PERCY

Animal Ref Code: G239

About them:

Percy is a really sweet piggy. Given the space he is very curious and if you sit quietly, he will come and check you out. He will scamper away if you move suddenly but may get used to his humans' movements with patience and time.

He is happy having a cuddle in your arms and enjoys sitting on your lap for pats. He is easy to pickup from his cubby. and has never nibbled or bitten when being picked up. He is calm when having his nails clipped.

He was surrendered as he and his brother were fighting but that may not necessarily happen with a new friend. Although he hasn't yet had any interaction with children, he may be fine with older ones or adult supervised interactions with younger children.

Percy loves food. He currently eats cos lettuce, mesclun salad mix, green and red capsicum, cucumber, celery leaves and stalks (stalks cut up into bite size pieces), tomato, fresh grass and an occasional treat of carrot. He is very food motivated which will help bonding with him. He will wheek when he hears bags crumpling or the fridge being opened.
